On January 14, 1992, Henderson County Water District ("Henderson Water") filed an application for a Certificate of Public Convenience and Necessity to construct a \$711,429 water-works improvement project and for approval of its plan of financing for this project. This project will upgrade and improve existing facilities. Project funding includes a \$371,429 loan from the Kentucky Infrastructure Authority ("KIA"), a \$308,013 Community Development Block Grant from the U.S. Department of Housing and Urban Development ("HUD"), and \$31,987 in funds remaining from a previously approved construction project. The loan will be for a 20-year period at an estimated interest rate of 8 percent per annum.

Henderson Water's application was made pursuant to KRS 278.023 which requires the Commission to accept agreements between water districts and HUD and to issue the necessary orders to implement the terms of such agreements within 30 days of satisfactory completion of the minimum filing requirements. 2. Henderson Water's proposed plan of financing with HUD and KIA is accepted.

Nothing contained herein shall be deemed a warranty of the Commonwealth of Kentucky, or any agency thereof, of the financing herein accepted.
